PROFILE SUMMARY

Dynamic and detail-oriented Front-End Developer with over a year of hands-on experience in creating responsive, user-friendly, and visually appealing websites. Proficient in modern web development tools and technologies, including HTML, CSS, JavaScript, C++ GSAP, SASS and Bootstrap . Skilled in translating creative concepts into functional and engaging web applications while adhering to best coding practices.

Eager to contribute to innovative projects and deliver exceptional user experiences through efficient and clean code.

EDUCATION

2021 - 2022

IMAN COLLEGE

- ICS with A Grade

2023-2024

VIRTUAL UNIVERSITY

- Bachelor of Computer Science
- currently pursuing

WORK EXPERIENCE

Web Development Intern

(21ST NOVEMBER - 21ST FEBRUARY)

Rhombix Technologies

- Worked on front-end web development projects using HTML, CSS, JavaScript, and frameworks.
- Assisted in designing and developing responsive and interactive web pages.
- Collaborated with team members to debug and optimize code for better performance.
- Gained hands-on experience in real-world web development processes and best practices.

CERTIFICATES

CISCO Networking

Programming Essentials in C++

- By completing the course, the student is now ready to attempt the qualification CPA - C++ Certified Associate Programmer Certification, from the C++ Institute.

Computer Hardware Basics

- Completed a comprehensive course on computer hardware, covering hardware components, troubleshooting techniques, and system maintenance.

Web Development Intern

2024

Cognifyz

- Contributed to the development and enhancement of dynamic web applications using HTML, CSS, JavaScript, and frameworks.
- Actively participated in designing and implementing user-friendly UI components.
- Collaborated with a cross-functional team to deliver projects within deadlines.
- Gained insights into project workflows, coding standards, and industry practices.

LANGUAGES

- Urdu
- Hindhi
- English

Java Script Essentials

- Mastered core concepts of JavaScript, including variables, functions, loops, and DOM manipulation.
- Gained practical knowledge in implementing interactivity and dynamic functionalities in web development projects.
- Enhanced debugging skills and learned best practices for writing clean and efficient JavaScript code.

UDEMY

HTML Fundamentals

- Successfully completed a detailed course covering semantic HTML, best coding practices, and responsive design principles.
- Enhanced skills in creating structured and accessible web pages for modern web development.

WEB DESIGNING

- Completed a course focused on designing visually appealing and user-friendly websites.
- Covered principles of UI/UX design, wireframing, layout optimization, and responsive design.
- Gained hands-on experience with tools and techniques for creating modern web interfaces.

Java Script for Beginners Course

- Acquired foundational knowledge of JavaScript, including syntax, basic programming structures, and data manipulation.
- Learned how to write simple scripts to add interactivity to web pages.
- Built a strong base for further exploration into advanced JavaScript concepts.

Skill Front

LEAN FOUNDATIONS PROFESSIONAL SKILLFRONT CERTIFICATION™ (LFPC™)

- Mastered the core principles of LEAN methodology to enhance efficiency and reduce waste in processes.
- Learned to identify bottlenecks and implement continuous improvement strategies effectively.
- Demonstrated knowledge of LEAN tools and practices applicable to both technical and business environment

SKILLS

- Application Design
- Coding
- HTML
- Communication Skill
- CSS
- Problem-solving
- Creativity
- Time Management
- JAVA SCRIPT
- C++
- Bootstrap
- Tailwind CSS
